

SETAC 07 INDUSTRY BRIEFING

**ROBBIE PHIFER
AND
LYNNE WASHBURN**

**US ARMY SPACE AND MISSILE
DEFENSE COMMAND (USASMDC)**

HUNTSVILLE, AL

PRE-CAPABILITY BRIEF

DECEMBER 14, 2005

INTRODUCTIONS

- 
- Lynne Washburn – Technical Monitor
 - Robbie Phiher – Contracting Officer
 - Pam Willis – Contract Specialist
 - Christina Ryan – SMDC Small Business Office
 - Terri Hornung – Security

WHAT IS SETAC?

SETAC - Systems Engineering and Technical Assistance Contract

Current Primes: BAE TSI DCD MRC
 CSC Cirrus L3

SMDC SETACs Support:

- SMDC in Huntsville and Washington DC
- PEO-M&S in Huntsville and Washington DC
- GMD-JPO
- HELSTF
- ARSTRAT
- Related OGAs in Air, Space, and Missile Defense Arenas

SETAC HISTORY

- USASMDC (and its predecessors) has had a SETAC “program” for over 35 years
- Pre-CICA, the SETAC was awarded on a sole-source basis to Teledyne Brown Engineering (TBE)
- First competitive SETAC award received only two offers; TBE was again awarded the SETAC
- First “split” award in 1992; TBE and Nichols Research Corporation (NRC)
- First multiple-award in 1997; MEVATEC; NRC, TBE, and Computer Sciences Corporation (CSC)

SETAC HISTORY

- Since the 1997 awards, two significant events have changed the SETAC contractor community:
 - CSC bought out NRC and all of NRC contracts; and
 - TBE created an independent spin-off company, Teledyne Solutions, Incorporated (TSI), to perform all SETAC efforts
- Seven (7) SETACs awarded in 2002

UNCHANGED FROM PREVIOUS SETAC ACQUISITION

- Multiple Awards
- Performance-Based Scope of Work Supported by User Mission and Function Statements
- Indefinite Delivery/Indefinite Quantity (ID/IQ) Contracts
- Fixed-Price Labor Categories with Cost Reimbursable Lines for Travel, Materials/ODCs, and Consultants
- Umbrella OCI Clause for primes with “technology area” flowdown to subcontractors
- North American Industry Classification System (NAICS) Code: 541710 (Small Business Size Standard: 1000 employees)

UNCHANGED FROM PREVIOUS SETAC ACQUISITION

- Participation of Primes in the DA Mentor-Protégé Program will be encouraged
- Both Formal and Informal Competitive Task Order awards
- Requirements exceeding \$100K will be competed among the contract awardees

WHAT ARE THE FUNCTIONAL AREAS IN SETAC 07 SOW?

- Requirements Definition, Integration, and Planning
- Technology Development, System, Assessment, and Validation
- Threat Estimation/Projections
- Weapons Lethality and Effects Estimation
- Modeling, Simulation and Interfacing
- Program/Project Analysis, Evaluation, Experimentation, and Support
- Production and Fielding Support
- CBRN
- Homeland Security
- War-fighter Support

WHO IS INVITED TO PRESENT?

CAPABILITY BRIEF - JAN 06

Any “SMALL BUSINESS FIRM”, including 8(a), HUBZone, Service-Disabled-Veteran-Owned, or Woman-Owned, intending to propose as a “PRIME CONTRACTOR” (especially those planning to use the affiliation and teaming rules issued by the SBA) are invited to give an “1 HOUR” capability presentation.

CAPABILITY BRIEF SHOULD ADDRESS SEVEN AREAS

1. Breadth & Depth of technical and management expertise to successfully execute all SETAC roles
2. Capability to quickly ramp up qualified and trained personnel at the onset of the contract
3. Capability to administer & manage an IDIQ quantity, task order contract (expected as a min to be \$100M per year for the total program) with numerous subcontractors.
4. Assurance & demonstration that the small business firm or small business team will perform 50% of the work
5. Capability to perform realistic cost and schedule projections for complex technical and integration efforts
6. A contract management structure that allows for an integrated organization accountable for total performance responsibility - AND
7. An understanding of Army, DoD, & Government Agencies with whom USASMDC and PEO-AMD interface.

SETAC 07 CLARIFICATIONS/AREAS OF INTEREST

- Company/Team Capability
 - Teaming Arrangements
 - Team must be able to fulfill the entire SOW
 - SMDC does not mandate teaming arrangements
 - Subcontracting clause will be utilized in RFP
- Types of Set-Aside
 - Small Business Set Asides
 - Types of Set-Asides will be determined by the number of fully capable presentations we receive in Jan 2006 at the Capability Brief
 - Full & Open
 - Possibility of 2 Full and Opens
 - Likelihood of 1 Full and Open
- Organizational Conflict of Interest (OCI)
 - An OCI of a Government contractor that arises or might arise because the nature of the work To be performed may, absent some restriction on future activities, result in an UNFAIR COMPETITIVE ADVANTAGE to the contractor, impair the contractor's objectivity in performing the contract work, or make the contractor unable or potentially

DRAFT ACQUISITION TIMELINE/SCHEDULE

- Jan 06 Pre Capability Industry Brief (Pre-DRFP)
- Spring 06 DRFP Issued
- Summer 06 Pre-solicitation Industry Briefing
- Fall 06 RFP Released
- + 15 Days OCI and Past Performance Data Due
- + 30 Days Proposals Due

DRAFT ACQUISITION TIMELINES/SCHEDULE CONTINUED

- Early 07 Contracts Awarded
 - By Apr 07 Award T/Os and Transition
Contractors, as necessary
 - 24 Apr 07 Performance Begins
- * May extend the current contracts by 6 months to allow sufficient transition time (to include competition of 450+ requirements).

The background of the slide is a light blue gradient. On the left side, there is a faint, semi-transparent image of a bald eagle's head and neck, facing right. Scattered across the background are several white, five-pointed stars of varying sizes, some of which are partially obscured by the eagle's image or the text.
